

YOUR ATAR GOAL - SET YOURSELF UP FOR SUCCESS!

Dear Student,

Thank you for downloading this document - you will not regret it!

Part of succeeding in Year 12 and attaining your desired ATAR is simply writing it down and putting it up on the wall.

The simple act of putting on a piece of paper so it is visually in front of you at your desk or on your bedroom wall will allow your mind to subconsciously work towards that goal on a regular and consistent basis.

To use this document, print out the second page below and write in your goal. Place it on the wall with blutak or any other adhesive and watch your mind subconsciously work toward your goal! Don't be afraid to do it either.
